

## Lamtec S.A. de C.V.

### Manufacturer of metal stampings and assemblies

Lamtec is a leading OEM, Tier 1 and Tier 2 supplier of high quality, precision metal stampings, hinges and mechanical welded assemblies for the automotive industry. As a TS 16949 certified manufacturer, the company offers their customers: superior design support, expertise in material sourcing, unparalleled engineering, prototyping and value-added capabilities.

Since the facility opened in 2011, the company has steadily grown because it adheres to its company's vision of being an innovative and forward-thinking organization.

### Products

Auto parts

- Stamped metal parts and welded assemblies for: drivetrain, axle / brake / body control, body and exterior, interior and climate control / HVAC

### Processes

Metal forming

- Stamping
- Machining
- Welding

Surface treatment

- Paint coating
- Plating and various surface treatment

Various processes

### Capabilities

Press tonnages ranging from 200 to 800 T

Robotic mig weld cells using state-of-the-art equipment

Over 30 robotic spot weld cells

Studs, nuts and spacers designed with projections welded into sheet metal

- AUTO PARTS
- TOOLING / MACHINERY
- GAUGES, FIXTURES, JIGS
- ENGINEERING & DESIGN
- RAW MATERIALS
