

Prodamex S.A. de C.V.

Manufacture and assembly of electrical wire harnesses

Prodamex S.A. de C.V. is a well-recognized electric wire harness manufacturer specialized in the production of high quality harnesses and battery cables for the home appliance and specialized automotive industries, with more than 300 well trained and experienced employees dedicated to the success of their clients and of Prodamex.

Products

- Electric wire harnesses
- Home appliance & specialty vehicles
- Automotive cable assemblies
- Battery cables
- Component assemblies

Processes

- Cutting, stripping & crimping
- Assembly of harnesses
- Complete support to our customers' engineering
- Ultrasound splicing & welding
- Braiding
- Electric tests

Capabilities

- Manufacture & test any level of complexity of wire harnesses.
- Build prototypes
- Modifications and / or upgrades of existing harnesses
- 10 Komax, 9 Eubanks & Schleuniger for high volume wire cutting, strip and crimping
- 2 new Artos CR-01 automatic crimping machines
- High volume conveyor for assembly lines
- Braiding machines for metal / nylon shielding & harness covering
- Thermal printers
- Multiple test chambers, including a separate vacuum chamber
- 10 printers 3-D for assembly board connector mating
